3. Claims 21-31 are allowed.

REASONS FOR ALLOWANCE

4. The following is an examiner's statement of reasons for allowance:

the prior art of record does not teach or fairly suggest the following:

a transmission side of the first and second devices has means for transmitting, upon transmission of the data, a data phase signal representing a predetermined phase of the data

continuously irrespective of transmission of the data, and a reception side of the first and second devices has means for reproducing internal clocks of said reception side based on the data phase signal and receiving the data according to the reproduced internal clocks.

For these reasons, claims 21, 26, 27 are deemed to be allowable over the prior art of record and claims 22-25, 28-31 are allowed by dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
